## EXPERIENCE

### JPMorganChase

Feb 2024 - Oct 2025

*Software Engineer*

*Atlanta, GA*

- Redesigned and modernized a web application into a dynamic and responsive platform by leveraging **React**, integrating **ADA** compliance to ensure accessibility to all users
- Executed **A/B testing** via Split.io feature flags to analyze core customer journeys, driving a **33%** increase in feature adoption by translating analytics into high-conversion UI enhancements
- Implemented automated testing using **Cucumber** to ensure application functionality, increasing test efficiency and accuracy
- Utilized **GraphQL** to reduce data retrieval times by **20%** by implementing persistent querying
- Ensured robust code quality through unit testing with **Jest**, achieving **100%** test coverage

### United Parcel Service (UPS)

Feb 2023 - Feb 2024

*Software Engineer Co-op*

*Alpharetta, GA*

- Led the creation of a POC for Microservices Orchestration, and integrated OpenAI's API for **LLM** integration to enhance efficiency
- Increased search result accuracy by **25%** through **Search Engine Optimization**
- Reduced searches yielding zero results by **20%** by developing an integration system using **Java** and **Spring Boot**
- Facilitated effective testing, debugging, and **REST API** building using **Postman**
- Ensured quality assurance through unit testing with **JUnit**
- Collaborated within an **Agile** Development team and delivered high-quality software solutions using **Azure DevOps** environment for **CI/CD**

## CERTIFICATIONS

|                                                               |          |
|---------------------------------------------------------------|----------|
| AWS Certified AI Practitioner                                 | Aug 2024 |
| AWS Certified Cloud Practitioner                              | Jun 2024 |
| Google Foundations of User Experience(UX) Design              | Jun 2022 |
| Microsoft Technology Associate: Networking Fundamentals (MTA) | Oct 2021 |

## EDUCATION

### Georgia Gwinnett College

Lawrenceville, GA

*Bachelor of Science in Information Technology, Concentration in Software Development*

*May 2024*

**Relevant Coursework:** Data Structures & Algorithms, Software Development, Web Development, Discrete Math, Networking, Databases, System Analysis and Design, Programming Data Analysis

## LEADERSHIP

### JPMC | JPMorganChase Community Outreach

Feb 2024 - Oct 2025

- Mentored 50+ students on career navigation in FinTech, fostering a pipeline for diverse talent within JPMC

### ITSA | Information Technology Students of America

Aug 2021 - May 2024
